**No. of. Students in Visit: 61**

**Date of Visit: 06/03/2024**

**INTRODUCTION:**

A group of students from the Department of Computer Science and Engineering embarked on an industrial visit to Click2Cloud Inc., a leading cloud assessment and digital transformation company. The visit aimed to provide practical exposure to the students about the latest technologies and processes in cloud computing.

**COMPANY OVERVIEW:**

Mr.Prashant Mishra, the CEO of Click2Cloud® Inc., has established the company as a leading cloud company with a global presence in India, China, Hong Kong, Singapore, Malaysia, and the USA.Click2Cloud, founded in 2014, has established itself as a leader in cloud technology, offering a range of services including cloud migration, containerization, and DevOps solutions. With a focus on efficiency, security, and scalability, Click2Cloud has earned recognition for its cutting-edge approach to cloud computing. Click2Cloud Inc. is renowned for its innovative solutions in cloud assessment and digital transformation, utilizing AI and ML-based products to facilitate cloud adoption across various industries. With a global presence and a team of experts, the company offers a range of services, including cloud migration, application containerization, and multi-cloud billing.

**OBSERVATIONS:**

During the visit, students observed the company's operations and interacted with professionals who demonstrated the use of Cloud Intel, an assessment platform that aids in IT landscape innovation.

The platform automates tasks, creates migration strategies, and provides advanced assessment and TCO analysis, contributing to informed cloud migration decisions.

### **LEARNING OUTCOMES:**

The visit was highly informative, with students gaining insights into:

- The significance of cloud assessment in optimizing IT infrastructure.
- The role of AI and ML in enhancing cloud services.
- The process of creating detailed technical and business value assessment reports.
- The importance of sustainability in cloud computing, as highlighted by the company's Sustainability Calculator.
